inspired by humans

Quality furniture for everyone.

Because we're all different and we love different. We make our furniture with love, suitable for everyone.

The best of Moventi...

This LookBook is for your inspiration. It contains a selection of favourite furniture designs produced for environments where people love to be.

Moventi have developed the skill of harmonising design and manufacturing advancements enabling consistency, efficiency and sustainability without compromising on the flexibility and agility that is needed in our fast-paced world to deliver a great solution.

Above this, we're human and we really care about giving our customers a great experience.

Ed Nunn

Managing Director

We're all about you!

Moventi's Smart Service mantra forms the very backbone of everything we do. We are self-confessed service addicts, it's our culture, it's the way we do things, meaning it's not just one of our team carrying a 'Customer Service' badge.

From concept to completion, we remove the friction from your process of specifying and procuring office furniture. We take a very human-to-human approach, providing reliable support at every step, enabling you to give your clients the very best experience.

"In order to be irreplaceable one must always be different."

Certified as Climate Positive*

Moventi is a certified Climate Positive business, and have gone beyond carbon neutral status to offset at least 110% of our impact. We achieved this Climate Positive status by working closely with the professionals, who helped us calculate and erase at least 110% of our operational emissions through VCS verified nature-based solutions.

Part of this journey is contributing to projects around the globe that are dedicated to avoiding carbon emissions and preserving natural habitats, including the Rimba Raya Biodiversity Reserve.

This is a project close to our heart, that is preserving the peatland forest of Rimba Raya that would have been turned into palm oil estates, emitting over 100 million tonnes of carbon into the atmosphere. Part of the project is also working with local communities to achieve all of the 17 SDGs, and conserving one of the last wild orangutan populations on Earth.
